

# Dance Machine Productions

## Routine Arrival Times and Performance Times

\*Competition can run ahead of schedule

### Reminders:

- Demonstrate Good Sportsmanship in the auditorium, restrooms, outer hall, and everywhere.
- Applaud for all participants.
- Do NOT get up or sit down from the audience in the middle of a routine.
- **No videotaping or flash photography of any kind is allowed at dance competitions of performances on stage.** It is for the safety of both student and teachers choreography. It can also cause disqualification. DMP gives all dancers free professional photos and videos.
- Make sure to have all costumes, shoes, and accessories. All tights need to look new.
- Be dressed with hair and makeup ready at your ready time listed below.
  - This will eliminate stress on the dancer in case the competition is running ahead.
  - It also allows groups/dancers plenty of time to stretch, practice, and take group pictures.
- Groups should stay together after ready times.
  - It is the group's responsibility to make sure pictures are taken and uploaded to the KDA Parents Facebook group.
  - Kristy is not always able to be out with the group as she is often backstage.
  - If you have questions, ask a veteran parent.
- If dancers are not ready on time or are missing from the group and it is time for us to go on stage, that dancer will disqualify us for overall. So, that better not happen.
- Dancers are to stay on stage for pictures at the end of awards.
- Group awards are to be given to Kristy or her designated person to take back to the studio.
- If the venue has signs for No food or drink, please respect that. We do recommend having snacks available to eat in designated areas.
- Enjoy Yourself! We spent a lot of money and time to come to these events! Leave the stress at home and have fun!

**Venue:** Sevierville Convention Center – Exhibition Hall A
